

Clear Vision, Bright Retirement: Your Benefits Illuminated

OPEN ENROLLMENT: NOVEMBER 1 – 30, 2023

FEBRUARY 1, 2024

Eye Care is Healthcare

Help keep yourself healthy with a yearly eye exam from a VSP network doctor.

Did you know?

Annual eye exams provide an unobstructed view of the blood vessels and can help detect **up to 270** eye and health conditions like glaucoma, diabetes, high cholesterol, and high blood pressure.*

Nearly **96 million** US adults are living with **pre-diabetes**, and **84%** don't know they have it.**

Retinal Screening

Retinal screening photos are images of the inside of the eye that are used as baseline documentation of a healthy eye or to screen for potential disease(s).

These images can be compared year after year to monitor even the most subtle changes in the eyes.

Members pay no more than a **\$39** copay for retinal screening each year.

Members with diabetes receive fully covered retinal screening each year.*
